

# Transportation Permission

When district transportation is provided, all students must be transported to and from contests via bus or school provided transportation. A coach may grant permission for a parent or guardian to transport his or her own child only. **\*Employee / Parent / Volunteer / Athlete driving private car must get district approval.** It is my understanding that transportation will be provided in one of the following ways:

## TYPE OF TRANSPORTATION

- School Bus
- Private Car

## INSURANCE COVERAGE

School District – Primary

\*Owner-Primary
